

# UpTop

Frasch was founded on the belief that creating healthy and beautiful office environments leads to happier and highly motivated workforce.

## UpTop

A Minimalist Approach to Sit/Stand Desking

The UpTop is an integration of a mobile work table with height adjustable desk riser that does not require electricity or take up valuable tabletop real estate. The included desk riser fully collapses flat into the tabletop while in the down position. With a flush design, you do not get the add-on feeling typical to "Varidesk" style desk risers. Intended for personal desking, training tables, benching, work or display table, and education. UpTop desk riser portion is portable and lightweight so it can be easily removed from the desktop "docking station" pocket and carried to other work areas. More cost effective than full electric sit/stand tables with all the functional benefits. Several configurations available for electrical, casters, colors, size, privacy screen, and in-line connectivity making this table very versatile. SofTouch linoleum surface with exposed birch ply on all tabletops and matching desk riser.

Features

**9 Height Positions, No Electricity Required**

**Desk Riser Collapses Flat into Tabletop**

**SofTouch Surface with Exposed Birch Ply**

**Desk Riser is Portable and Lightweight**

**Warranty** \*Limited 5 Years

Assembled Dimensions
