## Screening Acoustic System

As a modular, self construct and free standing system, office spaces can now be divided into an array of almost infinite configurations to suit any size or footprint open plan office environment. The system can be assembled to a desired length, height or linear configuration to divide an open plan footprint while offering an incredible acoustic presence within the space. The system can also be disassembled and rearranged as a day two scenario which allows for an ever changing office landscape if necessary without having to employ costly, invasive onsite contracting work to demolish and reconstruct partition systems. Swarm would also mitigate the need to redesign or perform any civil MEP works if the office landscape had to undergo a landscape revision. An entire building envelope can now be designed into a practical, cost effective, acoustic working landscape.

**Application** Space Division

**Component:** Single Swarm - 36" L x 32" W x 12.5" H

**Coverage**  
Covers approx 75 sq feet

**Material Content** 12 mm 100% PET (55% recycled content)

**Flammability** ASTM E84 Class A or B

### Acoustics

**NRC** 0.35 0.54 0.85 1.22 0.75

NRC rating is based on one full sheet of 9mm PET material

**Environment** Low VOC;  
Post-Consumer Recycled Content  
100% Recyclable

### Installation

Product is assembled by customer using built in friction slots.

**Hardware**  
NONE

**Country of Origin** USA

**Warranty** 2 Years

Designed by  
**1six8**
