

Taur

Frasch was founded on the belief that creating healthy and beautiful office environments leads to happier and highly motivated workforce.

Taur

Pull Out Storage

Taur offers a new approach to office storage. Instead of relegating storage to the category of after-thought, this vertical pull-out drawer acts as a functional piece of furniture. Taur is a space divider or workstation partition, while also cleverly storing files, supplies, books, and other materials. The tall, vertical drawer keeps everything easily accessible, compared to low drawers and file cabinets. Plus, the Fella acoustical finish helps reduce ambient noise and adds a sense of warmth to your office.
